

365 days of support for families experiencing homelessness in Hendricks County

For the homeless, every day is a challenge.

**Housing.** Even with hard work and savings, poor credit often disqualifies families from renting.

**Jobs.** While plentiful, wages are low and often not enough to qualify for housing. Child care expenses add to the strain.

**Transportation.** Without public transportation, access to reliable vehicles is a constant struggle.

**Family Life.** Barriers that keep the homeless from achieving the family life they always dreamed of seem insurmountable.

Please join Family Promise in meeting the challenge of homelessness in our community.
